RE: Theodore Tubbs Recommendation

To whom this may concern:

My name is David Evon and I have known Theodore Tubbs for the past two and a half years. He has volunteered his time working along side me at my place of business.

I am writing to recommend Theodore Tubbs as a Candidate for the National Technical Honors Society. In all my years of experience, some individuals stand out from their peers and Theodore is one of those people. He shows great determination when it comes to learning new skills and is willing to put forth the effort required to get the job done. Many customers who come into the shop are quick to realize his enthusiasm when it comes to solving a problem that could at times intimidate others. Throughout the time I have know him, he has shown great motivation and amazing potential.

During his time here, he has played an important role in serving both commercial and residential customers. He has assisted in services consisting of Computer Repair, Tablet and Phone repair, Systems networking and software troubleshooting.

Due to his knowledge and great aptitude for learning, Theodore would be an excellent candidate for the National Technical honors Society. I have no doubt that with his cognition and determination his abilities will continue to grow.

Sincerely,
David Evon
